

Your venture's brain. **One operating layer.**

BUILDERS STUDIO.

Compound

The operating layer for AI-first founders running a portfolio of ventures.

Context is the asset. You own one verb — **Decide.**

Most founders **run blind.**

While you sleep, the exhaust compounds.

The asset is context.

1. **Context is the asset.**
2. **Agents do the work — Learn, Know, Reflect, Build, Reach.**
3. **The human owns exactly one verb: **Decide.****

Evidence + time

Every claim carries evidence plus time, or it does not exist.

Five primitives. Built for AI-first founders.

01

Thread

Append-only source stream
Compound re-reads forever.

`.claude session`

02

Position

Versioned belief; only
Decide makes it official.

`ICP / pricing`

03

Signal

Typed, timestamped observation
extracted from a Thread.

`E5-E2 / timed`

04

Contradiction

Queryable disagreement edge;
assign it and resolve it.

`query / resolve`

05

MCP surface

Open protocol boundary;
write actions require Decide.

`read open / write gated`

Plug in everything. Compound connects the dots.

7 independent sources

Evidence density

Independent signals by evidence tier

Main insights

Promoted only when independent evidence accumulates

PAIN POINT

Manual routing delays high-value onboarding by days

source-linked claim

E5

00:08:42

WORKFLOW

Ops team exports usage snapshots before renewal calls

source-linked claim

E4

00:14:19

WILLINGNESS TO PAY

Budget exists if time-to-proof drops below one week

source-linked claim

E5

00:22:07

OBJECTION

Security review blocks tools without source trace links

source-linked claim

E3

00:31:54

PAIN POINT

Leadership wants fewer anecdotes in pipeline reviews

source-linked claim

E5

00:39:11

Refute

Adversarial refute-gate: all refute attempts failed

E5

Evidence ladder: promoted to E5

Transcript snippets

Claim-level source trace

Maya 00:08:42
"We lose two days just proving what changed."

Jordan 00:31:54
"Show me the source before it reaches execs."

Lee 00:22:07
"If this is audit-ready, it has budget."

Maya 00:39:11
"The board wants evidence, not anecdotes."

Jordan 00:51:06
"Refute it first, then promote it."

Every branch is alive.
